READERS WRITE US

The Editor, Sir:

I have read with interest your editorial titled "How to Get a Hospital." In order to thoroughly acquaint myself with the article I reread it two or three times, and I might say to you, sir, that I think your thinking is absolutely correct.

The promise you have from Assemblyman Francis Dunn and Senator Arthur Breed regarding their sponsoring an amendment to the law in the next session of the State Legislature in January, you can absolutely depend on. Both of these gentlemen are known to me personally and they are public servants of the highest caliber. Their word is their bond.

Again I say that it is my opinion that your thinking is correct that the township needs a hospital and the practical idea would be a 30-bed hospital.

You will be interested in knowing, I am sure, both the Hayward Area Chamber of Commerce and the San Leandro Chamber of Commerce are formulating plans for the development of a larger hospital somewhere between Hayward and San Leandro. The rapid growth of Southern Alameda County demands that better hospitalization be made available to the general public, and we at this time pledge you our wholehearted support in the securing of the much needed hospital in your district. If there is anything that we or the Chamber can do, please do not hesitate to call upon us.

Yous very truly,
HAYWARD AREA CHAMBER OF COMMERCE
George Cracknell,
Secretary-Manager.

NEW OFFICERS FOR LOCAL VFW

At a meeting held in the Memorial Building in Niles last Sunday the Veterans of Foreign Wars, Post 8293, installed the following officers:

Commander, George Boles; senior vice-commander, Theodore Lira; junior vice-commander, Leroy Murphy; chaplain, Arthur Marlen; adjutant, Rueben Lawrenson; quartermaster, Lawrence Pine; trustees—Ray Andrade (to serve 3 years), Barney Bragg (to serve 2 years), and Weldon Pine (to serve 1 year); officer of the day, Mickey Rose.

Installing officers were: E. Payne, Tenth District commander; Robert Endsley, Tenth District vice-commander; Frank Gonsalves, Senior Vice-Commander, Dept. of California; Tom McDonald, installing officer and Department auditor; and Frank Daniels, Tenth District chief of staff.

The formal installation ceremonies were preceded by a marching demonstration staged by the drum and bugle corps from the Veterans of Foreign Wars Post 1882 of Hayward.

A luncheon, which followed the installation, was attended by 150 people.

END OF SHINN ST., NORTH FROM FREMONT AVE., BETWEEN NILES AND CENTERVILLE

LARGE CROWD WITNESS SHOW

No tickets were sold to the show but one of the largest crowds in Washington Township history attended. The Register is referring to the display of heavenly fireworks that the citizens of the township enjoyed Wednesday night. The gigantic display of lights in the skies had no equal in the world. And the people flocked to watch as the meteors flashed in all directions. Even those conservative souls who regularly retire to the indoors in the evening were brought out on their lawns. The show was a sell-out in every sense of the word.

Stiff necks and bleary eyes did not discourage the crowd from watching the spectacle from beginning to end. And phones were jangling by the dozens as spectators phoned to tell their friends.

Everyone agreed that the show should be brought back for a return engagement but Mother Nature, who directed the show, said this was impossible—at least for several years.

SCHENONE TAKES NEW POSITION WITH BOY SCOUTS

At a meeting of the Southern District Executive Committee held last night (Thursday) in Niles, Joseph A. Schenone, Hayward attorney was confirmed as district commissioner for all Boy Scout and Cub units in the southern district of Oakland Area Council.. He was introduced to the committee by Russell I. Crosjean, former district commissioner, who will remain on the commission staff. Mr. Schenone held a similar position in the southern district prior to the war but was forced to resign because of the press of wartime activity. He is one of many leaders returning to active participation in Scouting since the end of the war. Schenone's home is in Livermore, a part of the extensive area he will serve, and he has two children.

As district commissioner, he will direct a staff of volunteer commissioners serving all Alameda county south of the city of San Leandro. Present members of the commissioner staff include Phil Sousa of Centerville, George Scamman of Irvington, Lawrence Pine of Niles, W. E. Clawson of Centerville, Guy Householder of Pleasanton, Russell I. Grosjean and Chester Olivera of Ashland, Frank Young of San Lorenzo, Henry Hampton of Castro Valley, J. B. Christian and Ferd Kiesel of Hayward, and Kenneth Ross of Russell City.

RECORD SERVICE FROM DEPUTY

George B. Rose of Niles was at the receiving end this week of what was a near record in speedy action by the sheriff's office.

On Tuesday at 4:50 p.m., Rose reported that his car had been driven away from a San Leandro parking lot. At 5:10 p.m., Deputy Sheriff Floyd Heffron heard a police radio broadcast describing the setolen auto, spotted the car at Castro Valley boulevard and Chabot Road, in Castro Valley, and arrested Myron B. Pfiester, 18, of San Lorenzo Village as the suspected thief, who was subsequently put behind bars.

The recovery of the stolen car and apprehension of the thief took place within 20 minutes following the theft.

IRVINGTON COUPLE FLY TO MEXICO

Mr. and Mrs. Lew Irwin of Irvington, who own a new airplane, flew to Los Angeles last Saturday to take part in a mass flight of 600 planes to Ensenada, Old Mexico.

After landing in Ensenada, the air travelers were gaily entertained by a barbecue, dancing and a gigantic air show. The entire flight was in the nature of a "good will" gesture.

CENTERVILLE MAN FULLY RECOVERED

The many friends of Joe Bauhofer Sr. will be happy to learn that he is recovering from his recent accident and has returned to work at the Cloverdale Creamery in Centerville.

MISSION FESTIVAL ASKS SUPPORT OF STATE C. OF C.

Delegates from the township will meet this afternoon with officers of the California State Chamber of Commerce at the St. Francis Hotel in San Francisco to explain plans for the Mission San Jose festival to be held next year.

An invitation has been issued by Lester Freeman, president of the state chamber, through Lois Jusus, temporary chairman of the festival committee.

Appointed at a meeting to represent the local committee were Rev. Joseph Renault, Andy Hynes and Tom Cunha. They will explain the need for financial and other support by the state organization.

October 16 has been set tentatively for the committee meeting to hear reports from the representatives.

At last Friday's meeting, Rev. Renault was chosen to succeed Lois Justus as temporary chairman of the festival committee.

NILES MAN, 62, WINS TOURNAMENT IN HAYWARD

Defeating opponents whose age was only one-third of his, James Wilcox, 62, of Niles, last week, with Joe Pastrone, also of Niles, as his partner, won the men's doubles tennis championship in Hayward.

It was the first annual tennis tournament under the Hayward Area Recreation and Parkway District, and was sponsored by the 20-30 Club of Hayward, and the Recreation District.

With a surprising show of agility and skill, the older man (Pastrone himself is 42) took the tournament by 6-3,6-4, from two 20-year-old youths, Hill and Griffith, after a bang-up game last Sunday. Wilcox was also winner in the mixed doubles.

It is interesting to observers to learn that Wilcox, who is an umpire by profession, started to play tennis when he was 45 years old. His life-long interest in sports, however, made the game comparatively easy for him. He and his wife are just about ready to move into their new home on Morrison road, and as soon as they are established, in addition to playing tennis, he will probably continue as a professional umpire in baseball, basketball, etc.

Pastrone, who owns property on Morrison road adjoining that of the Wilcox's, is also planning to build. He is employed at the California Nursery, and has played tennis ever since he was in school.

ERNIE IN EARNEST ABOUT THOSE DUCKS

To what limits will an avid duck hunter go in the interest of sport?

We don't quite know.

This week, for instance, Ernie Frick proudly showed us a pile of grain sacks in his plumbing shop. "That's water grass seed," he said.

"Huh?" we asked.

"Water grass seed," Ernie explained. "I imported it from Willows. When it grows the ducks will have a place to lay eggs and raise their young and when it goes to seed they'll have plenty of feed.

....Then what happens when duck season opens, we didn't ask. But we've got an idea.

Yes, Ernie is really in earnest about making his duck pond out on Landing Road the very best. Already he's sunk three wells and is putting down another one for his duck pond. And now, there's this water grass seed.

And then, it'll be good shooting, Ernie thinks.

FINAL RITES FOR MRS. ANNIE GARCIA

Final rites for Mrs. Annie Dorothy Garcia, 63, wife of Antone Garcia of Cherry Lane, Niles, will be held Saturday morning, Oct. 12, at 8:30 a.m. from the Berge Mortuary Company, with a 9 o'clock mass for the repose of her soul.

Mrs. Garcia, a native of Alvarado, died Thursday morning at her home. She is survived by her husband; a daughter, Mrs. Marino L. Jacopi of San Francisco; a sister, Mrs. Charles Tinker of Niles; a brother, Manuel E. Duarte of Niles; and another sister, Mrs. Frank Angelus of San Jose. She was a member of the S.P.R.S.I. of Centerville.

A rosary will be recited at the Mortuary tonight (Friday) at 8 o'clock. Interment will take place at Holy Sepulchre Cemetery in Hayward.

JUNIOR C. OF C. FAVORS COMMUNITY CHEST

Meeting last Tuesday evening at the justice court in Niles, the Junior Chamber of Commerce voted its endorsement of the proposed township community chest and chose Edward E. Enos to represent the group at its organization meeting.

LIONS CLUB CARD PARTY FOR DEC. 6

The Lions Club of Centerville is planning a public benefit card party for the night of December 6. If the date conflicts with any plans or any other organization, Tom Maloney, chairman, will appreciate it if he is informed.

HUSKIES PLAY 0-0 TIE WITH JEFFERSON HIGH

By GORDON KIBBY

Last Friday the Washington Huskies traveled to Daly City to battle Jefferson High to a 0-0 tie.

Jefferson won the toss and elected to receive. The Huskies' kick was a long one, down to the 5-yard line, and was run back to the 22. There the battle began.

The Jefferson Indians fought hard but were forced to kick.

Washington took over on the 25-yard line. They drove down to the 6-yard line, only to lose the ball on downs.

Jefferson kicked out of their own territory and the quarter ended.

In the second, the Huskies and Jefferson Indians battled up and down the field, getting nowhere, and the half ended.

The Indians had the ball most of the time in the third quarter and drove to within 3 yards of a score. Then they attempted a pass, but hard-charging Huskies threw the passer for a 15-yard loss. The Huskies held and took over the ball on their own 15. They kicked out of dangerous territory as the third quarter ended.

Late in the fourth, Bernard threw a 40-yard pass which was caught by Jiro Nakamuro, right end, placing the ball on the Jefferson 15-yard line. The Huskies lost 5 yards, which made it fourth down and 15 to go.

Then Bernard tried a field goal. The ball was on the 20-yard line, was snapped to the 30 and kicked. It was no good—by only inches.

Jefferson took over and kicked out. In a few minutes the gun ended the game: Washington 0, Jefferson 0.

In the local line-up were: Fracolli and Moser at ends, Morley and Querner at tackles, Samarron and Goularte at guards, Madson at center. In the backfield: Bernard at full, Smith and Rodriguez at halves, Halliday at quarter.

READY FOR DUCKS

Ben Murphy of Niles is getting ready for duck shooting. Tuesday he drove down to Gustine to bring back his paraphernalia to get it all in order. He has been shooting ducks at Gustine for more than 20 years and reports that from the number he saw it looks good for this year.

ENJOY AUTO TRIP

Frank Rickenbacher of Newark, Bill Moore and Bill Santana of Irvington, and Tom Parry of Niles enjoyed a three-day auto trip to Reno last week-end. They also drove to several other points of interest, including Lake Tahoe and Virginia City.

Community Chest Planning For Township

Organization of a Washington Township Community Chest this week appeared likely as the result of co-operative action showed by various organizations whose opinions had been asked by a committee which is proposing that public financial support of such activities as the Red Cross, Boy Scouts, Girl Scouts, and Salvation Army be handled collectively.

Letters signed by the committee, consisting of Mrs. Matilda Enos and Judge Allen G. Norris of Centerville, and Miss Carmelita Berge of Irvington, were sent to 100 township organizations.

These organizations are being asked to send representatives to a meeting at the Centerville Justice Court on October 23. Edward E. Enos, Niles postmaster, who headed the War Chest, is chairman of the Community Chest Organization Committee.

Enos explained that the War Chest is now dissolved and that $900 remains in the fund. One of the problems is what to do with this money. It could be turned over to a community chest, should one be formed.

It was found during the war, Enos said, that collection of funds at one solicitation for all beneficent agencies was superior to individual drives.

Under the proposed Community Chest plan, various deserving organizations would submit budgets to the chest for checking and approval.

LIONS HAVE 3 NEW MEMBERS

Three township men became members of the Centerville Lions Club when the organization met Tuesday evening at the California Inn at Centerville. They are:

James Collins, who lives at Newark and is employed at the Kraftile Company in Niles;

Sid Salzman, Centerville druggist;

Col. Eugene Manning of Centerville.

The Lions endorsed the plan for formation of a Washington Township Community Chest, and Walter Connolly of Irvington was appointed to represent the club at the chest organization meeting this month.

A. J. Petsche of Niles was selected to represent the Lions on the Mission San Jose Sesquicentennial committee.

SENIORS FIRST IN YELL CONTEST

Washington high school staged its annual Song and Yell contest Wednesday afternoon. It proved to be one of the finest and most closely contested affairs in the history of the school.

The Seniors were handed the blue ribbon for their spirited efforts. In second place were the Juniors. The Sophomores and Freshmen were third and fourth respectively.

The Freshman class, although it failed to place at the head of the list, furnished stiff competition for the upper classmen.

Judging the contest were Gladys Williamson, Leroy Broun, Rev. Renault, Frank Gould and Arthur Belshaw.

NEWARK FIRE BURNS 2 CARLOADS SUGAR BEETS

Two carloads of sugar beets caught on fire in Newark this week when section hands, working along the tracks, let a fire get out of control.

The cars were dragged under a water tank and subsequently immersed, but were partially damaged.

The Newark Fire Department was called to the rescue.

ALVARADO BOYS' CLUB PLAYS FOOTBALL GAME

Alvarado A and B teams played a football game against Centerville recently. The A team won over Centerville, 12 to 24, while the B team lost by a score of 6-12.

Stars of the A team were Carlos Renteria and Gilbert Cicairos, who work very well together. The game with Centerville was not a tournament game, but merely a practice game.

ELECTION MONDAY FOR ANNEXATION

Voters of the Niles Sanitary District and of the area immediately northwest of Niles will go to the polls on Monday, Oct. 14, to decide on the annexation to the district of the territory extending to the Pacific States Steel Corp. plant, between the hills and the Western Pacific tracks.

The proposed annexation has been discussed for a number of years. In July a petition which had been circulated by Edward E. Enos, resident of the area under consideration for annexation, was submitted to the Niles Sanitary Board.

In the past two months necessary legal steps have been taken by the board and the petitioners, leading up to Monday's election.

Two polling places have been designated. One will be at the Niles Fire House for voters of the sanitary district. Voters of the area proposed for annexation will cast their votes in the garage of Emily H. Enos on the highway.

Polls will be open from 7 in the morning to 7 in the evening.

FACILITIES OF WATER CO. GROW

The large new redwood water tank which will serve customers of the Public Utilities California Corporation will soon be erected on the hillside back of Niles, according to E. F. Glassbrook, local manager for the water company. The tank will be of 200,000 gallon capacity.

Glassbrook states that his company has recently completed an extensive pipe-laying program in both Niles and Decoto.

On Third street in Niles, 2600 feet of 6-inch pipe have been put down, 1500 feet of 6- and 4-inch pipe in the Shinn tract, and 1200 feet of 6-inch pipe on First street.

In Decoto, 2900 feet of pipe have been laid on Sixth street, E street has been piped from Eighth to Tenth, Ninth street from D to F streets, G street from Fifth to Seventh streets. A new pump will be installed in Decoto to accommodate the cannery.

NEW MASS HOURS FOR CORPUS CHRISTI CHURCH

On Sunday, Oct. 13, and every Sunday thereafter, two masses will be celebrated at Corpus Christi Church, Niles. These masses will be at 8:30 a.m. and 10 a.m. This new schedule of masses will be appreciated by the church membership.

In the Old Mission Days . . .

The editors go back into the 1926 files of The Register to get this very interesting account of a Spanish Don who attended the races at Mission San Jose. The piece, written originally for the San Francisco Argonaut, is especially timely now because of the Sesquicentennial in Mission San Jose which is scheduled for June of next year. The article gives a little of the color of the old days, which will be revived as much as possible for the Sesquicentennial.

"He was attired in a costly suit trimmed with gold and silver lace and sat with ease and grace upon his horse which was equally well caparisoned. He was followed by two mounted and well-dressed mosos 20 feet in the rear, while his wife rode about 200 or 300 yards distant with her splendidly mounted cavalcade, the whole forming a picture worthy of admiration."

Thus Don Vincente Peralta rode to the races at Mission San Jose on the occasion of the fiesta of San Jose in the year 1840, when California in such matters still maintained all the decorous social amenities of the old Spanish regime.

Don Vincente was the son of Don Luis Peralta, and at that time conducted on behalf of his sire the San Antonio Rancho which comprised all that is now the cities of Oakland, San Leandro and Alameda, with some leagues of adjacent territory.

Incidentally, Don Vincente was a splendid horseman. But as he stood about six feet tall, was straight as an arrow and weighed 225 pounds, he was not in the jockey class. His saddle sports were lassoing bears and refractory cattle.

On the occasion cited above, Don Vincente was accompanied by his American friend. Captain William Heath Davis, who came to California in 1831. It is from the reminiscences of Davis that we learn how the Don and his family looked on that auspicious occasion nearly ninety years ago.

HORSE RACING MAIN SPORT

In the days of the Dons, cattle raising and horse-breeding were the sole industries of California, while horse racing and other pursuits in the saddle were the principal sports.

The Spaniards and their descendants literally lived on horseback. They had no roads. Walking was considered fit only for Indians. So everybody rode horseback and understood horses. But, though the Californian was virtually cradled on horse-back, the animals he rode and loved were not indigenous to California. The Spaniards introduced them.

The original horses brought into the state from Mexico were Spanish bred of Arabian stock—the same blood as that from which is descended all the great racing strains of England and America. These multiplied at an extraordinary rate; but, owing to dearth of imported blood to keep up the quality, they gradually deteriorated.

HORSES FULL OF CLEVERNESS

On certain ranchos there were some very fine and very fleet horses. But as a rule such horses "just happened" when some fortunately nicked more threw a colt or a filly that was a reversion in type to some Andalusian of Arabian ancestor. The average California horse of a hundred years ago was strong and wiry, full of endurance, cleverness and pluck, but lacking in temper and other desirable qualities.

The population of California in 1810 was estimated at about 21,000 and the number of horses at about 122,000. The Spaniards and other Europeans then numbered less than 2000. Therefore there was an average of 55 horses to each person in the country.

Horse racing in the modern sense of that term, and as it is now practiced at public race meetings, was not known to the Californians in the days preceding the American occupation of this country. Nevertheless, they raced a lot in their own way.

TWO HORSES RACE

Races that were really matches between individual horses were immensely popular, and fortunes in stock and kind were often wagered, lost and won at such matches. These were customarily held at

CENTERVILLE SCHOOL

By BARRON HOLLAND

LESLIE SALT CO. VISITED

On Friday, October 4, the students of the eighth grade class went on a trip to the Leslie Salt works. They were shown all the most interesting processes with the help of Floyd Dickerson and Anker Christensen.

The committee in charge of this trip was: Norman Coit, Jimmy Leonard and Satoshi Sekigahama. The women who furnished the transportation were Mrs. Jack Silva, Mrs. Ed King, Mrs. T. P. Maloney and Mrs. Ferraris.

SCHOOL ORCHESTRA

The school orchestra is under the direction of Miss Baglione. The musicians are as follows:

Piano—Patricia Santos and Marlene Dias.

Violins—Daphne Taylor, Virgean Silveira, Anna Mae Piexotto and Elaine Torres.

Clarinets—Barron Holland, Jack Ferrarias and Roy Brown.

Trumpets—Joseph Silva, Merle Bechtold and George Silveira.

PROGRAM SLATED

On Tuesday morning, Oct. 15, at 11 o'clock in the school auditorium, Mary Jane Heath, singer, will give the school a program. Parents are invited to come. The fee will be the small sum of ten cents.

COLUMBUS DAY PROGRAM

A program will be presented on Columbus Day by the fifth grade under the direction of Miss San Filippo. There are four scenes and three songs. The songs are "Sailing, " "Blow the Man Down" and "Columbus."

The students in the play are as follows: Announcer, Valeria Correa; Logan Norris, Beverly Lopez, Frank Horat, Novalene Scott, Sandra Bechtold, Glenn Lewis, Tino Trevino, Bobby Hird, Robert Ybarria and Eugene De Valle.

ST. JUDE'S MAKE PLANS FOR PARISH BAZAAR

St. Jude Institute held its regular business meeting with President Irene Harvey presiding.

A discussion was held on the type of booth to be sponsored for the St. Joseph's Parish bazaar, and it was decided that the coffee and doughnut booth would be managed by the members of the Institute.

After the meeting, refreshments were served by Chairman Beatrice Enos. The theme of the evening was "Welcome Home" in honor of Mary Freitas and Ann Perry, who recently returned from Minnesota.

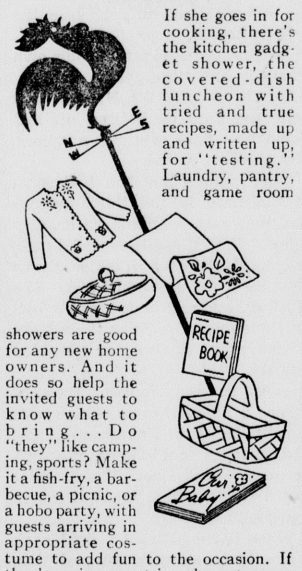
Carol Drake HOME COMMENTATOR

SHOWERS TODAY: You don't have to be a weather prophet to predict "Showers Today." For there's always a new crop of brides coming along, to say nothing about babies, new home owners, travelers, and even grooms-to-be! And what fun it is to observe anniversaries, both wedding and birthday, with showers instead of the usual gift-wrapped packages!

HOBBY SHOWERS: A smart idea in planning showers is to build around a hobby, His, Hers, Theirs, no matter what the occasion. S'pose it's gardening. This is the time for garden books, hats, gloves, choice bulbs and seeds, garden tools. If your garden is at its best, make it an outdoor party, planning around a Sunday night buffet supper for the two of them. A small overall-clad boy, pushing a wheelbarrow, might bring in the gifts.

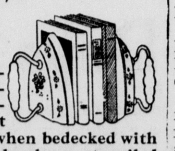


If she goes in for cooking, there's the kitchen gadget shower, the covered-dish luncheon with tried and true recipes, made up and written up, for "testing." Laundry, pantry, and game room showers are good for any new home owners. And it does so help the invited guests to know what to bring... Do "they" like camping, sports? Make it a fish-fry, a barbecue, a picnic, or a hobo party, with guests arriving in appropriate costume to add fun to the occasion. If they're going on a trip, why not a progressive dinner, with a different course served as the group "progresses" from house to house, food being appropriate to the places to be visited.

GOOD IDEAS: Then there's the shower built around an idea. The Book Shower, for instance—budget books, recipe books, memorandum books, book ends, a favorite volume of verse, a kitchen diary, baby books, books on the places to be visited, these might well be gifts. . . . She's interested in flower arrangements. And Baskets. What homemaker ever has enough baskets? Sewing baskets, clothes hampers; market and cleaning baskets; picnic and garden baskets; flower, sandwich, bread baskets. An idea to work on for a Blessed Event, too! Sewing showers—built around equipment for the gal who likes to sew or a sewing party at which everyone sews on something, lunch cloths, dish towels, tea napkins, or baby clothes!

FOOD OF COURSE: The time of day the shower is given really doesn't matter. You may serve luncheon, breakfast, buffet supper, brunch. Or stop with simple mid-afternoon or evening refreshments. It isn't necessary to go to a great deal of expense. Interesting food and table settings, in keeping with the kind of shower—that's all that's necessary. For showers are given because of our love for a person. An intimate thing, this shower business. One's heart should be in it. Otherwise, let there be—No Showers Today!

FLASH



Old-fashioned flat-irons become quaint book ends when bedecked with small gay decals or stenciled posies. Add a ribbon bow on the handle and use one as a door stop.

You'd Be SURPRISED! BY KLEINE'S

THE PLACE TO GO! You'll find our cocktail bar a pleasant spot for those hours of relation. Our mixed drinks, wines, champagnes, and beer are unexcelled. Never a dull moment at KLEINE'S.

KLEINE'S Cocktails ≈ Bar ≈ Cent. 446 Centerville
JACK & VIOLET

. . . At the Peephole . . .

Have you noticed the difference in a certain Niles girl who has been attending a certain charm school in San Francisco? We're not sure but we think we notice the difference in some of her CLOSE FRIENDS too! What would you call it—charm by association?

No, so far Niles hasn't succumbed to the popular craze of sloganeering. One local wag however, has suggested an appropriate one: "NILES — A FIGHT EVERY NIGHT." One Irvington wagess (feminine gender), hearing the above, countered with "Okay, then—IRVINGTON . . . THREE MILES FROM NILES."

One Niles ex-business man, who has been under the surveillance of the law, seems to be successfully dodging all attempts of the gendarmes to pin anything on him. Wonder what it is they're TRYING to pin on him!

LORIN MOHN and DAVE ROSEKRANS are at it again. We mean deer hunting, of course. They took off to Redding last Wednesday to be home the end of the week.

EDWINA ROSE is back home in Niles after three months spent visiting relatives at Fort Smith, Arkansas. She had a good time but will have to get down to earth again, and open the books in preparation for her return to Washington High.

And speaking of the high school, have you heard that DOROTHY ADAMS, daughter of Mr. and Mrs. L. H. Adams of Irvington has enrolled in the secretarial course at Graceland College in Iowa? She is a graduate of Washington High?

GORDON KIBBY, who is covering the football games for The Register, has five hours of solo flying to his credit. And all this time we thought he was just a MODEL plane enthusiast.

As an aftermath of the recent fire at the Bailey ranch, we heard this interesting little item from LLOYD BAILEY himself—The reason the hay wasn't put in the barn was because he feared it might catch on fire! So it was left out . . . and brother, did it burn!

If any of you Niles P.T.A. members wonder why MILK was served with the tea the other day at the meeting instead of cream, it is because Mrs. MALCOM COLE, the P.T.A. president, is English (born in England), and in England, according to Mrs. Cole, cream is NEVER served with tea. Always milk. Inasmuch as Mrs. Cole was kind enough to take over the presidency when nobody else would accept it, it would seem that taking milk in our tea during her "reign" instead of cream or lemon, is the LEAST we can do to express our gratitude... So—cheerio, and what-ho, friends!

ANNETTE KIRKISH of Centerville and GRETCHEN MOHN of Niles getting together on the U.C. campus for a gab fest. Both girls are enrolled as Freshmen at the Berkeley College, and are recent graduates of Washington Union High.

As in all public gatherings in a small community, when a stranger appears in the midst, curious glances are cast his way. At the folk-dancing class in Niles last Monday — and wasnt there a good crowd?—people were wondering who the rather tall and distinguished looking pair were. Being in the newspaper business, we found out! They were Mr. and

LEGAL NOTICE

In the Matter of the Annexation of Territory to NILES SANITARY DISTRICT of Alameda County, California

RESOLUTION AND ORDER APPROVING PETITION, DESCRIBING BOUNDARIES OF TERRITORY PROPOSED TO BE ANNEXED AND ORDERING AN ELECTION TO DETERMINE WHETHER OR NOT SUCH TERRITORY SHALL BE ANNEXED TO NILES SANITARY DISTRICT

The verified petition for the annexation to NILES SANITARY DISTRICT of the contiguous territary hereinafter particularly described coming on regularly for hearing the 10th day of September, 1946, at eight o'clock P.M., before the Sanitary Board of Niles Sanitary District, Alameda County, California, at a regular meeting thereof, duly and regularly called and held at the office and regular meeting place of said Board, 317 School Street, Niles, Alameda County, California, all of the members of said Sanitary Board being present, and evidence oral and documentary having been introduced, and no objection having been filed with or presented to said Board, and the Board being fully advised in the premises;

IT IS RESOLVED AND ORDERED by the Sanitary Board of said Niles Sanitary District that the evidence introduced before said Board upon the presentation of said petition established the facts hereinafter recited, and this Board ascertains, determines and finds as facts from said testimony:

That a petition in writing signed by EDWARD E. ENOS and others, and duly verified by the affidavit of EDWARD E. ENOS, one of the petitioners, and having attached thereto a notice by said petitioners that said petition would be presented to the Sanitary Board of Niles Sanitary District on Tuesday, the 10th day of September, 1946, at the hour of eight o'clock P.M., of said day at the regular meeting place of said Sanitary Board, 317 School Street, Niles, Alameda County, California, and that all persons interested in said petition might appear and be heard at said time and place, was presented to said Sanitary Board at the time and place stated in said notice, together with a cash bond in the sum of $100.00, as security for the payment by said petitioners of the reasonable costs of the election hereinafter called;

That said cash bond was duly approved by said Sanitary Board and filed with the Secretary thereof;

That said petition is signed by more than twenty-five per cent of the freeholders residing in the territory therein described; that said petition designates specifically the boundaries of the territory contiguous to said Niles Sanitary District proposed to be annexed; that the assessed valuation of said territory proposed to be annexed as shown by the last equalized assessment roll of Alameda County is $237,220; that no part of said territory is within the limits of any Sanitary District and all thereof is within Alameda County, California;

That said petition and notice were published in the TOWNSHIP REGISTER, a newspaper of general circulation published in said Niles Sanitary District, for at least two weeks preceding the hearing thereof on this 10th day of September, 1946, to-wit, on the 23rd and 30th days of August, 1946, and on the 6th day of September, 1946;

That all of the land within the boundaries of such contiguous territory proposed to be annexed will be benefitted by the annexation of such territory to Niles Sanitary District;

That said verified petition in all respects conforms to the law in regard to the annexation of contiguous territory to Sanitary Districts under the provisions of Division VI of the Health and Safety Code of the State of California, and contains all facts necessary to be set forth and approved in a petition for the annexation of territory to Sanitary Districts according to said Code, and that all of the statements contained in said petition are true; and

IT IS FURTHER RESOLVED AND ORDERED that the said petition as originally presented be and it is hereby approved; and

IT IS FURTHER RESOLVED AND ORDERED that the exterior boundaries of such contiguous territory proposed to be annexed to the Niles Sanitary District is specifically bounded and described as follows, to-wit:

All that property lying and being in the Township of Washington, County of Alameda, State of California, and more particularly described as follows:

BEGINNING at a point of intersection of the southerly line of the right of way of the Central Pacific Railway with a direct production northerly of the westerly line of Sullivan's Addition to Niles, as said tract is delineated and so designated on that certain map entitled "Map of Sullivan Addition to Niles", etc. and filed in the office of the Recorder of Alameda County, California, June 6, 1910, and running thence westerly along said right of way line to the line dividing the lands of the California Nursery Company from the lands of J. C. and M. W. Shinn; thence leaving said right of way line and along said dividing line S 15° 54' W to the southeasterly line of the Western Pacific Railway right of way; thence northwesterly along said Railway right of way line to the point of intersection thereof with the direct production Easterly of the southerly line of County Road No. 2735, commonly known as the Alvarado-Niles Road; thence westerly along said direct production and along the southerly line of the Alvarado-Niles Road to the point of intersection thereof with the direct production southerly of the westerly line of that certain tract of land conveyed to the Pacific States Steel Corporation by deed dated June 12, 1937 and recorded in Volume 3501 of Official Records Alameda County, California at page 141 thereof; thence northerly along said direct production and continuing Northerly, Northwesterly and Northerly along the westerly line of said Pacific States Steel Corporation property to the Southwesterly line of the Central Pacific Railway right of way; thence southeasterly along said right of way line to the point of intersection thereof with the direct production southwesterly of the northwesterly line of a street now known as Gregory Avenue and shown as a 50 foot street on that certain map entitled "Amended Map of Gregory Tract", and filed in the office of the Recorder of Alameda County, California, October 30, 1889 in Map Book 8 at page 3 thereof; thence northeasterly along said direct production and along the Northwesterly line of said Gregory Avenue, and along its direct production Northeasterly to the point of intersection with the northeasterly line of the State Highway leading from Hayward to Niles as widened in 1929; thence southeasterly along said northeasterly line of said State Highway to the northwest line of the lands now or formerly belonging to I. E. Harrold; and described in Vol. 368 of Official Records, Alameda County, California, at page 330 thereof; thence northeasterly along said northwesterly line of said lands of Harrold, 200.00 feet; thence southeasterly along a line drawn parallel to and distant 200.00 feet, measured at right angles from the northeasterly line of said State Highway, to the northwesterly line of that certain 1.82 acre tract of land now or formerly belonging to M. S. Andrade et al; thence northeasterly along said northwesterly line of said lands of Andrade to the northwest corner thereof; thence S 71° 16' E 462.66 feet; thence S 62° 00' E to the westerly line of that certain 71.85 acre tract of land now or formerly belonging to Marie S. Bishop et al.; thence northeasterly along said westerly line of said 71.85 acre tract, 200.00 feet; thence in a general easterly direction along a line drawn parallel to the northerly line of the aforesaid State Highway as widened in 1929 to the point of intersection thereof with the direct production northerly of the westerly line of the aforesaid Sullivan Addition to Niles; thence southerly along said direct production to the southerly line of the Central Pacific Railway right of way and the point of beginning.

BE IT FURTHER RESOLVED AND ORDERED that a special election be held and the same is hereby called to be held on Monday, the 14th day of October, 1946, within said Niles Sanitary District and within said contiguous territory proposed to be annexed to said district for the purpose of determining whether or not such proposed territory shall be annexed to said district; and

IT IS FURTHER RESOLVED AND ORDERED that the territory embraced within the boundaries of Niles Sanitary District is hereby established, fixed, determined and designated as the election precinct of said district for the purpose of holding said election;

That the territory embraced within the boundaries of the district proposed to be annexed to said Niles Sanitary District be and it is hereby established, fixed, determined and designated as the election precinct, within the district proposed to be annexed, for the purpose of holding said election;

That the polling places hereinafter designated be and the same are hereby selected and designated as the places where said election must and will be held and the said places are hereby found and determined to be suitable places therefor;

That the persons hereinafter named as Inspectors and Judges be and they are hereby respectively appointed as such Inspectors and Judges to conduct said election in the respective election precincts herein established and are the officers of such election and the Boards of Election thereof, and the said persons so appointed are hereby found and declared to be legally qualified for their respective positions:

The polling place and the officers of election to conduct said election within Niles Sanitary District are as follows, to-wit:

POLLING PLACE: Fire House situated on the north side of First Street, between I and J Streets, Niles, Alameda County, California.
Inspector: ANN W. DUTRA
Judge: MARY R. GEIB
Judge: MARY L. SOLON

The polling place and the officers of election to conduct said election within the District proposed to be annexed are as follows, to-wit:

POLLING PLACE: Garage of Emily H. Enos on the westerly side of State Highway Route 5, R. F. D. Box 504, in said territory proposed to be annexed.
Inspector: DOLORES GEORGE
Judge: KATHERINE McDONALD
Judge: EMILY H. ENOS

The polls at the polling places hereinabove designated shall be opened at seven o'clock in the morning of said day of election and shall be kept open continuously thereafter until seven o'clock in the evening of said day of election, when said polls shall be closed, and the election officers shall then proceed to canvass the ballots cast thereat.

The ballots to be used at such election shall have printed thereon the words "For Annexation to the Sanitary District" and "Against Annexation to the Sanitary District," and there shall be a voting square to the right of and opposite each such proposition.

Said election shall be held and conducted and the votes thereof canvassed and the returns thereof made and the results ascertained and determined as herein provided; and in all particulars not prescribed in this resolution and order such election shall be held and conducted in accordance with the general election laws of the State of California so far as the same shall be applicable, except as otherwise provided by Division VI of the Health and Safety Code of the State of California;

Returns of said election shall be made and signed by the officers of election and shall be by them delivered to the Secretary or President of the Sanitary Board, together with the ballots cast at said election, and the Sanitary Board shall meet and canvass said returns and enter the result upon its minutes at the regular meeting place of said Board on Wednesday, October 16, 1946, at eight o'clock P.M.;

The Secretary of this Board is hereby instructed to take all steps and perform all acts necessary for the holding of such special election in accordance with the provisions of this resolution and with the statutes in such case made and provided;

Every voter resident within said Niles Sanitary District and every voter resident within the District proposed to be annexed, for the period requisite to enable him to vote at a general election shall be entitled to vote at the election hereby provided for, called and ordered; and

IT IS FURTHER RESOLVED AND ORDERED that this resolution and order be entered in the minutes of this Board and that a copy of same be posted for four successive weeks prior to the day of said election in three public places within said Niles Sanitary District and in three public places within the District proposed to be annexed; and

IT IS FURTHER RESOLVED AND ORDERED that a copy of this resolution and order be published for four successive weeks prior to the day of said election in the TOWNSHIP REGISTER, a newspaper of general circulation, published in Niles Sanitary District.

On motion duly made and seconded the foregoing resolution and order was passed and adopted by the following vote:

Ayes: Messrs. Burr, Dias, Elliott, Scott and President Alberg.
Noes: None.
Absent: None.

Whereupon the President of this Board declared this resolution and order duly passed and adopted.

By order of the Sanitary Board of Niles Sanitary District.

E. E. DIAS,
Secretary of said Sanitary Board

Niles Man Shows Them How

In this issue of The Register you have probably read of the 62-year-old Niles man, playing tennis doubles with a man in his forties as his partner, taking the men's championship in the Hayward Area recreation district.

This should be an inspiration to those in their forties, fifties, and sixties who sit back with hands folded and lament the fact that life is passing them by.

The fact that a 62-year-old man and a man in his forties defeated youngsters in their twenties in a game of tennis is proof that life can begin at forty.

Never say it is too late in life to begin that hobby you've been wanting to take up for several years, or the study of that musical instrument that has always intrigued you, or even the continuance of an education, the lack of which has held you back socially and financially all through the years.

A 62-year-old tennis player started playing the game in his forties, and wins a championship in his sixties! An Irvington woman approaching the age of 70, received her high school diploma by studying at night school at Washington Union High School. A Niles man, nearing the age of 80, is one of the most enthusiastic square dancers in the township, and has as much, if not more, fun than the average girl or boy in their twenties.

Retain that zest for living, or, if you've made it necessary, get it back again by taking up a hobby, or a study, or a sport. Remember, don't be seventy years OLD; be 70 years YOUNG!

Your Newspaper

The observance of National Newspaper Week which took place from October 1 to 8, serves to call public attention to the vital part which the newspaper plays in the life of the American community.

a large extent, with the affairs of the nation and the world?

The newspaper serves not only as a source of information but as a medium of public expression both through the publication of letters received from readers and through the editorials which, in most instances, reflect public opinion. At the same time, the newspaper helps to crystalize and mobilize public opinion on vital civic, national and world problems.

Through its advertising columns the newspaper is a "middleman" for buyers and sellers on just about everything that human beings buy and sell. It helps to keep the public informed on the developments in the fields of education, politics and entertainment. It helps citizens of a community to know one another better. It gives valuable support to worthy causes, and it keeps a watchful eye on government activities.

American newspapers are not only an integral part of our democracy but they are also a bulwark of protection against the "isms" and subversive elements which seek to destroy that democracy.

To serve you, the reader, better; to strive for ever higher journalistic standards; and to work with unceasing vigor for all that advances the best interests of our community, our nation and the world in general—to these aims your newspaper re-dedicates its efforts in the coming year.

Will You Help?

The Niles P.T.A. is embarking on a venture that may prove to be the solution, in part, to the ever-growing juvenile delinquency problem.

Members of the P.T.A. are laying plans for an amateur show—expecting to draw the support of everybody in Niles—the proceeds from which will go to pay a playground supervisor to supervise recreation for all school-age children during the summer months of next year.

This is a step in the right direction. As one woman was heard to remark, after the plans were made known, "Well! When the P.T.A. does things like that, then I want to belong!"

Although many children work during the summer months, there are long, long hours when they complain, "Gee, I wish I had something to do." This boredom is a growing ground for mischief. Given a child with "nothing to do" and you can expect anything to happen . . . and the things that happen sometimes aren't very nice.

If, during the summer months, however, children are given the opportunity of being supervised in a program of all sorts of recreational activities — handicraft work, sports, singing, etc.—their time is fairly well filled and there are no idle moments when Mischief can get in his dirty work.

It is to the advantage of local business men, as well as parents, to participate in this plan for recreational activities for children. Happy, busy children are one of a community's biggest assets. For that reason, it is to be hoped that if you, or you, or YOU are called upon to perform or take part in the coming benefit amateur show, you will gladly consent, because the service you will be rendering will be of inestimable value to your town and your town's children.

PAPER COLLECTION SUNDAY MORNING

An opportunity for Niles residents to get rid of some of those old papers and magazines which have been cluttering up the shelves and closets will present itself Sunday, October 13, when Niles Boy Scout troop 1 will make a collection, under the supervision of their leader, Ray Andrade.

Papers and magazines should be in separate bundles and placed on the front porch or steps. The collection will start around 9 a.m. and will continue through the morning.

According to Andrade, the money the Scouts receive from the sale of the paper will go towards purchasing Scout uniforms for the troop, comprised solely of boys of Mexican descent.

It's a worthy project. Get busy, folks, and get your papers out for Sunday morning.

CAFETERIA MEALS COST SEVEN CENTS

In view of the current high cost of living, it is difficult to conceive that meals are being served to school children at an average cost of 7 cents per meal. Yet, this 20th century miracle is being performed daily at the Irvington Grammar School. This is made possible jointly through a system of subsidizing by the federal government and donations made by fruit and vegetable growers in Irvington.

Irving grammar school students who take advantage of this program are charged $2 a month for the first child in the family and only $1 for each additional child.

An obvious indication of how successful the cafeteria has been thus far is the fact that 3,318 meals were served during the first 14 days of school.

Other communities that have become interested in school cafeterias include Alvarado and Newark. Undoubtedly, other communities will develop interest in the program, in addition to Niles and Centerville, who also operate under the government subsidy plan.

CHRISTIAN SCIENCE SERVICE

"Ase Sin, Disease, and Death Real?" This question is the subject for the Christian Science Lesson-Sermon for Sunday, October 13, for which the Golden Text is taken from Proverbs: "In the way of righteousness is life; and in the pathway thereof there is no death" (12:28).

One of the Bible verses in the sermon is Isaiah 60:1: "Arise, shine; for thy light is come, and the glory of the Lord is risen apon thee."

NEW SCOUT HEAD

John Cattaneo, scoutmaster of Boy Scout Troop 1, has been appointed neighborhood commissioner for Decoto and Niles.

Kenneth Van Valer will be the new scoutmaster for Troop 1.

DE GUADALUPE SCHEDULES TWO BIG EVENTS

Two big events are scheduled for De Guadalupe Institute, Y.L.I. First, the official visit of Grand President Lorraine Jones on October 18, with Mrs. Frances Mara as chairman; and second, the big dance and party to be held at the P.G.&E. club house in Newark on October 26.

The Institute is expressing its thanks to the Rebekahs for changing their meeting night so that the Institute can have use of the hall for the visit of the grand president. Following the initiation ceremonies, refreshments will be served.

The committee in charge of the dance, to which members are entitled to invite their families and friends, promises that a good time will be had by all—with refreshments that will please everybody.

COMMON SENSE CAN BALK FIRE

"Fires don't happen — they're caused."

This message from Fire Chief Clarence Crane and information on how to prevent fire losses was distributed this week coincident with National Fire Prevention Week by Kraftile Company.

The article being distributed is based on data from the National Board of Fire Underwriters and National Association of Fire Chiefs. It warns: "In the midst of a housing crisis, we've been burning our homes almost as fast as we can build them. While production of essential peacetime goods lags, we're letting fire destroy vast quantities of the goods and machinery to produce them. At a time when half of the world faces starvation, fire is devastating twice as much farm property as floods have damaged during any year of the past quarter century. Every other minute a home catches fire in this country."

Five "common sense" measures by which everyone can fight fires, stated in order of most frequent fire causes during the past ten years are: Put out matches, cigars, cigarets and pipe tobacco when through with them; burn rubbish only in metal containers and cut rather than burn weeds; replace electrical wiring promptly when defects appear and use electrical appliances with care; check furnace pipes and boilers for defects and make necessary repairs before using heating plant; abandon use of gasoline for home cleaning.

OUR READERS WRITE . . .

The Editor, Sir:

Among the duties of every citizen is that of paying the proper respect to our country's flag.

The Veterans of Foreign Wars paraded down First street here in Niles last Sunday and amnog the spectators along the street I saw one man who bothered to remove his hat as the flag passed by. I want to congratulate that man. Most of the people sat in their cars or otherwise paid no attention to the colors.

I can see no possible excuse for such behavior, especially after almost four years of war during which such stress was placed upon patriotism and national spirit.

Surely during the war every person saw at least one parade or flag ceremony or merely pictures of such through which they gained the knowledge that we do pay homage to our flag when it passes or is raised or lowered.

This respect is not only a duty but an honor.

For the assistance of those who need to brush up on the flag code we have a public library, quite a few veterans and a staff of school teachers who should be able to help.

A CITIZEN.

SPORTSMEN'S CLUB TO BUY PROPERTY

The Newark Sportsman's Club held a special meeting Tuesday night for the purpose of discussing the possible purchase of property near Newark. The location of the property was not definitely decided upon.

Stanley Roderick, secretary of the organization, will attend the Associated Sporrtsmen's convention in Santa Cruz, Oct. 18, 19 and 20.

NEW HISTORY BOOK ON ALAMEDA CO.

It was announced this week that a ne whistory book on Alameda County has just been published by the author, L. J. Freeman, titled "Alameda County, Past and Present."

The book is a pictorially illustrated history of the county from 1820 up to the year 1946, covering the phases of Indian life, settlement by the Spaniards and Americans, and describing some of the county's most outstanding cities and the part they are now playing in the economic life of the state.

Captain Cook discovered the Hawaiian Islands in 1788.

LEGION AUXILIARY TO SPONSOR WARD AT VETS HOSPITAL

A new project, decided upon at their meeting Wednesday night, wil soon get under way by the Auxiliary of the Washington Township Post of the American Legion.

They plan to sponsor a ward in the Veterans Hospital at Livermore, providing visitors and entertainment and any refreshments that are permitted.

It was also announced during the meeting that the next district meeting will be held in Hayward next Wednesday night. Several localites are planning to attend.

Five Star Candidate

Senator JOHN F. SHELLEY

has a record of sponsoring and supporting BETTER laws for ALL the people.

★ The Shelley Disability Act providing disability insurance for 2,500,000 California workers.
★ The Anti-Loan Shark Bill limiting charges to borrowers.
★ Loans to Veterans with reduced rates.
★ Apprentice Training Act.
★ Education bills for the benefit of public schools and adequate teachers' pay.

Would you be in the dog house if your house burned tonight?

by Don Herold

LAST WEEK I woke up to the fact that I was carrying only about 40 per cent enough insurance on my house.

If your house burned tonight, would you want enough insurance money to rebuild only about two-fifths of it?

Don't kid yourself about this discrepancy. Ask a contractor to give you a rough idea as to what he'd charge you to rebuild.

You'll get an answer which will probably shock you into upping your insurance.

It is utterly ridiculous to carry too little insurance, because, in my opinion, fire insurance is one thing in this country that is dirt cheap today. (*The average cost has gone down 40 per cent in 30 years.*)

What I say about home insurance applies to furnishings, too.

Also to business property. Replacement values here, too, have skyrocketed in recent years but many owners are fast asleep with their same old pre-war insurance coverage.

Ask us TODAY to help you determine your real insurance needs—it's a technical problem which calls for expert help.

Thinking Things Over...

By VIVIAN BATMAN

DON'T SAY IT!

Ethel Grau, local artist who, in addition to conventional forms of art, also does things in the modern or surrealist trend, is just a bit chagrinned at some of the comments that come her way when her pictures are put on display.

Two of the most common comments are "What's it supposed to be?" and "I don't know anything about art, but I know what looks good to me."

These two remarks, according to Mrs. Grau, are very trying to the artist. "Modern art is something you have to become educated to before you can appreciate it," she said, "and such comments as what's it supposed to be? only serve to show the observer's total lack of artistic appreciation."

When asked how a would-be art critic could comment intelligently on works of art, she replied, "You could mention the interesting design, or the space division, or the color harmony—or anything at all that shows you are really thinking about the subject."

So, for heaven's sakes, you art critics, DON'T EVER say to an artist, "What's it supposed to be?" It puts you in the same class as people who eat with their knives, or leave their spoons in their coffee cups.

A salesman at Lieberman's Book Store in San Francisco was arrested for selling "Memoirs of Hecate County," which was asserted to be obscene literature. Undoubtedly, human nature being what it is, the dear public will break its collective neck trying to get a copy of this book. (Incidentally, does anybody know where there is one?)

We have a new reporter this week. His two major interests are journalism and music. He has a collection of 1200 records, everything from Tchaikovsky to boogie. He also has twin sisters (20 years old) who are touring Alaska at the present time as singers on a USO tour. If there is anything else you would like to know about him, I suggest that you contact him personally—and don't ask ALL the quesions. Let him ask a few, too—for after all, he IS a reporter.

To introduce him in a more concrete way—his name is Wallace Cleveland—I am printing below his first contribution to The Register. It is:

PORTRAIT OF A FRIEND

When things don't come out right—he comes right in . . . When none of your dreams come true—he is . . . He never looks for your money—except when you've lost it . . . He never gets in your way—except to clear it for you . . . Nothing is more important to him htan making you important . . . He is in your corner when you'de cornered . . . He turns up when you get the turn-downs . . . All he wants in return for his helping hand is your handshake . . . He never insists on seeing you—except when nobody else wants to . . . He raps your critics when they're wrong and takes the rap for you—when they're right . . . The only way he sponges off you is to absorb some of your troubles so you can have strength to fight . . . When you're taking bows, he bows out . . . You can do anything you want with his friendship—except buy it—or sell it . . . He makes you realize that having a real friend is like having an extra life . . . All he asks of your friendship is the privilege of deserving it.

SWISS PARK DANCE

Swiss Park in Centerville was the scene of a dance held last Saturday night, sponsored by the William Tell Lodge. A large crowd was in attendance, including people from San Francisco, Oakland and San Jose as well as the township.

AMATEUR SHOW PLANNED BY NILES P.T.A.

The first meeting of the Niles P.T.A. last Tuesday, with Mrs. Malcom Cole presiding, was pronounced an outstanding success by all of those who attended.

The business part of the meeting, which preceded the reception and tea, served to introduce several important issues and projects for the ensuing year. Among these was the announcement from Mrs. Lawrence Thatcher, vice-president and program chairman, to the effect that plans are under way to present to the people of Niles a home-talent amateur show in the Niles Theater, the proceeds from which will go towards paying the salary of a recreation supervisor to take care of recreational needs of children during the summer months. The show will be staged in January, according to present plans, and will enlist the services of all the talented people in the community.

This, along with the announcement that a pot luck supper will be held in November for parents and children, was perhaps the most important announcement that was made during the meeting.

The Girl Scouts, too, are receiving their share of attention from the P.T.A. Tentative plans for a rummage sale for their benefit were formulated during the afternoon.

With the closing of business matters, Principal E. D. Bristow introduced the teachers to the parents, following which he made a plea for Proposition No. 3 on the November ballot.

Miss Salel, the school nurse, also gave an informative talk on the care of the health of children in the school.

Bernard Callery, music instructor for the school, also spoke briefly, outlining his plans for the foundation of a school orchestra. When the instrument shortage eases up, he envisions a fine school orchestra for the Niles school, asserting that it is a distinct pleasurable activity for children to play together in an orchestra or band, and that they should be encouraged at home to study and practice on a musical instrument.

When Mrs. Cole adjourned the meeting, tea was served to the mothers and teachers, with Mrs. Robert Moore and Mrs. E. D. Meeker pouring. The flower arrangement on the tea table was by Mrs. George Roeding Jr.

STUDENT BODY OFFICERS FOR NILES SCHOOL

Student body officers elected at Niles Grammar school this week were: president, Leon Musgrove; vice-president, Stanley Borba; Secretary, Lenore Lammie; treasurer, Shirley Neighbors.

The election officers were Doris Lopez, Emma Bradley and Frances Botello.

Nomination and elections were carried on in true democratic fashion.

Southern California Visitors in Niles

Recent vacation visitors in Niles were Mr. and Mrs. Jack Henderson of El Segundo and Mr. Newton Henderson Sr., of Long Beach, brother, sister-in-law and father, respectively, of Mr. R. T. Henderson of Niles, roadmaster for the Southern Pacific Railroad here.

They spent a very delightful time fishing in the Klamath River where Mr. Newton Henderson caught a large salmon.

On their return to Niles after their fishing trip they made many short trips around the bay area visiting the various points of interest.

After spending their entire vacation period with Mr. and Mrs. R. T. Henderson, by whom they were royally entertained, they returned to their homes where Mr. Jack Henderson is connected with the Standard Oil Company, and Mr. Newton Henderson with a ship building firm in Long Beach.

Wedding Plans for Norma Jean Santos

Wedding bells for Norma Jean Santos and John Freitas Jr. will ring on October 20 at St. Edward's Church in Newark.

The popular young couple will say their "I do's" at a two o'clock ceremony, to be followed by a reception at the Newark Pavilion.

The bride-elect, who graduated from Washington Union High School last June, will be attended by her sister, Thelma Santos (maid-of-honor), and Marjorie Santos, and by her future sister-in-law, Eleanor Freitas. Standing up with his brother as best man will be David Freitas. The ushers will be Frank Silva and Walter Santos.

Miss Santos is the daughter of Mr. and Mrs. Joseph Santos of Newark. Her fiance is the son of Mr. and Mrs. John Freitas, also of Newark, and is associated with his father in operating the Sunset Foundry.

The young couple have bought a home in Newark.

Returns from Middle West Trip

After four months of visiting relatives in Missouri and touring the western part of the United States, Mrs. Margaret Nelson has returned to her Niles home. "The nicest part of my trip is coming back home again," said Mrs. Nelson. She admits, however, that she enjoyed every minute of her trip which included a visit to the Carlsbad Cavern as well as to Boulder Dam and Grand Canyon. The one thing on the trip that impressed her most perhaps was the widespread use of parking meters, in even the smallest towns. She thinks it's a wonderful system and wishes they could be used in Niles.

J. V. Goolds Return From Coronado Visit

Mr. and Mrs. J. V. "Pop" Goold and son, James, have returned from a trip to Coronado, where Mr. Goold attended sessions of the District Superintendents' and Principals' Convention. He brought back many new and interesting ideas for school administration which in time may be incorporated in the curriculum at Washington High, where he is principal.

Birthday Party For Tom Meeker

Tom Meeker, son of Mr. and Mrs. E. D. Meeker of Niles, will celebrate his 11th birthday this Saturday by inviting some of his playmates to his home for a weenie roast. The only fly in the ointment, according to young Tom, is the shortage of bubble gum. It seems that since the Cavanaugh party, bubble gum has become a MUST at a party for the younger set. But perhaps Tom and his friends will forget bubble gum in the almost equally satisfying delights of munching on weenies and birthday cake. Those who are planning to attend are Gene Mayer, Edgar Dawson, Robert Dale, Larry Lamoreux, Bob Mohn, "Red" Denton, and brothers Jim and John.

Visitors at Brahmst Home

Visiting Mr. and Mrs. John Brahmst overnight recently were their uncle and aunt, Mr. and Mrs. Herbert Leverton of Inglewood. The Brahmsts are now settled in their apartment in the building they recently purchased from Burlia James and which they are presently remodeling to house their electrical and appliance business.

Nevada Visitor

Visiting Mrs. Agnes Nihil and Miss Celeste Bunker at their Niles apartment this week is Mrs. Fred Bruns of Gardnerville, Nevada. Mrs. Bruns and Miss Bunker were schoolgirl friends.

Socialite Wedding Of Local Interest

The Shinn clan of Niles will gather at one of the top social events of the bay region when Miss Elizabeth Hiller becomes the bride of Haydn Shuey at the Trinity Episcopal Church on October 16. Mrs. Allen Shinn, wife of Commander Shinn, is the prospective bridegroom's sister, and will be a member of the wedding party.

Myers Return from Trip to Detroit

Mr. and Mrs. J. W. Myers, who have been away from their Niles home for five months, are home again renewing their old friendships and enjoying the conveniences which they have missed while in the desert and in the mountains. From Pear Blossom they went on to Tahoe, returning to Pear Blossom before visiting relatives in Vallejo enroute to Niles. All in all, it was a fine trip . . . but it's good to be home again.

In Truckee

Mrs. R. T. Henderson is spending this week in Truckee on a business trip. Accompanying her is Mrs. Frank DeSalles.

Mrs. Henderson will probably combine a little pleasure along with this business trip since Truckee is her home town and she has many friends living in that locality.

FUTURE FARMERS ATTEND MEET AT SAN LUIS OBISPO

Two Washington Union High School Future Farmers attended the annual state F.F.A. convention at San Luis Obispo on October 3, 4 and 5. Joe Roderick, local chapter president, and Ronald Silva, chapter treasurer, were the local delegates.

At the convention the delegates voted for new state officers, new regional officers and the state program of work for 1946-47.

The delegates rode to the convention on the Southern Pacific Morning Daylight train.

STORE REMODELING

This week remodeling began on the Main Street building in Niles which will house Sletton's Department Store. Prior to moving in, W. E. Sletten says the building will be redecorated outside and in. The fixtures are due to arrive next week. The store will open early in November.

There are two principal kinds of fog—so-called tule fog and white fog.

Out-of-Town Wedding Has Local Interest

By LOIS JUSTUS

At a wedding on September 22 at the home of Mr. and Mrs. Roy Taylor of Hilt, California, Miss Netti (Toni) Lentsch, daughter of Mr. and Mrs. Martin Lentsch of Fort Dodge, Iowa, became the bride of Coast Guardsman Lee D. Wooden, S 3c, son of Mr. and Mrs. K. D. Wooden of the Allan Starr Ranch on Mission Peak, Mission San Jose.

The lovely bride was gowned in a beautiful formal of white satin and wore her mother's finger tip veil and carried a bride's bouquet of pink roses. Her bridesmaids were her sister, Mrs. Harry Plumb, who was attired in ivory satin with aqua accessories. The best man was AMM 2c Will Hittenberger, brother of the groom.

The groom and his brother have been in the service six years. Young Lee has 13 months more to go before he is eligible for discharge, and brother Will will be out in January.

The newlyweds honeymooned at Lake Amador, Plumas county and are now home to their friends at Siapan Road, Naval Housing Unit, San Francisco. Sk 3c Lee is stationed at Government Island, Alameda.

Those from this part of the county who attended the wedding were: Mr. and Mrs. K. D. Wooden, parents of the groom, Mission San Jose; Mr. and Mrs. Will Hittenger-ger, brother of the groom, and Mrs. Nadine Richner, sister, all of Oakland.

FIRE CHIEF GIVES TALK AT NILES ROTARY CLUB

Clarence Crane, Niles fire chief, was the main speaker of the day at this week's Rotary meeting at the International Kitchen. He gave a talk on fire prevention, pointing out many interesting factors concerning fires and fire prevention which generally escapes the public notice.

A new member going into the Club this week was John Brahmst, owner of the Niles Electric Shop.

NILES MAY BECOME ANOTHER CARMEL

* * * * * * * * *

ART EXHIBIT HERE WILL FEATURE BEST

An art center for Niles!

Well! Whoever heard of such a thing!

But it's true, folks. Niles is about to broaden its a's, throw the word "ain't" out of its vocabulary, and perhaps even change the "ee" to "eye" and make it "eyether."

Yes, sir, culture is coming to Niles. And some think it's about time, too.

Anyhow, that female dynamo Ethel Grau of Niles is going to do all she can to bring it to us by starting an art center at no farther distance than the International Kitchen, where, starting Saturday, will go on display 35 of the signed original paintings of the very finest artists in the bay area.

For several months now Mrs. Grau has had this art project in the back of her mind. It is her contention that people who live in the rural areas have just as much right to view the best in art as people who live in the metropolitan areas. So, without any profit to herself, she enlisted the help of Mr. and Mrs. Querner who gladly consented to allow her to use the Kitchen for exhibiting, and now has finally hung these fine paintings, which range in price from fifty to a thousand dollars.

Herself an artist of considerable note in the bay area art circles, Mrs. Grau had no difficulty in getting the consent of the artists to hang their pictures here in Niles. They, too, feel that art in its best form should be made available to residents of rural areas.

Before any of these pictures were hung, they were passed on by a jury of artists (names cannot be mentioned) so nothing but the best will appear. These will comprise everything from conservative to radical in contemporary art. All of the pictures have appeared in major art shows in California.

Mrs. Grau, incidentally, along with about 450 other California artists, will appear at the four-day indoor-outdoor art exhibit in San Francisco next week at the Civic Center. She will be one of the art-in-action group. This is the first annual Art Exhibition under the auspices of the San Francisco Art Commission. Beniamino Bufano is the head of it.

BIG GAME MEET IN TOWNSHIP FOR U. C. ALUMNI

Once again township alumni of the University of California will assemble at a pre-big game dinner meeting, just as they did in the days before the war.

Vernon Ellsworth, who was elected president in 1941, will at last have a chance to preside. In all these years he has not had occasion to do so. Other officers are: vice-president, Donald Graham; and secretary-treasurer, Mrs. Roland Bendel.

Because of the influx of newcomers in this area, the affair, scheduled for some night during the week preceding the Big Game, is expected to attract a crowd of around a hundred. At the last meeting, prior to the war, there were over 60 alumni and wives or husbands present.

Ed Enos, who has charge of the program, will announce at an early date the exact date and the methods of making reservations. Watch the Register for further information.

In 1850, the Sacramento fleet of steamers totalled 18.

NOTICE OF NON-RESPONSIBILITY

October 11, 1946.

From this date I will no longer be responsible for any debts contracted by my wife, known as Mrs. Brearte Joseph, also known as Mrs. Mary Arruda Medeiros.

MISSION SAN JOSE NEWS

WITH LOIS JUSTUS

A correction please in last week's news. It was Tony Rogers who is in the hospital in San Francisco and not Leo. Sorry.

Herman Medeiros of the Guadalupe Service has been confined to his home for nearly a week due to illness. He is up and around but not back on duty at the gas pumps.

Several real happy boys from the Mission were guests on Sunday afternoon of Reverend Father Renault. They all act as altar boys when needed and so in return for their kindness, Reverend Renault took them all to San Francisco to enjoy the football game between St. Marys and the Alameda N.A.S., which was a walk off for St. Marys. Those accompanying the Reverend were: Donald and Richard Meyers, Jackie Borge, Reno DeBernardo, Charles Schneider. At Frisco they picked up his brother and nephew and in the evening had a dinner party at the Mission Paul Grill in the city.

Howard Tuttle of the Mission Bell and Leslie Callahan went fishing last Tuesday at Half Moon Bay and brought home some fairly nice fish.

Mrs. Margaret Turner is a very proud grandmother. Of course it isn't the first time but all the rest are boys, but now she has a tiny granddaughter who was born to the John Turners of Niles last week. She has been named Suzanne.

Hard-to-get articles have a way of coming clear from Indiana to Teddy, who wishes to inform snoopy (??) postoffice clerks and P.M. that it was Soaps, Toilet tissue, Kleenex, etc. Now will you keep quiet. But there's a secret, folks, even Teddy was curious to know what was in the box and nearly broke a fingernail getting the box open. Bet she thought it was a million. All in fun, folks. Silly, aren't we.

"Stoney" Mayock, son of Mrs. Ann Mayock of the Los Amigos Vineyard, was rushed to the San Jose Hospital on Friday where he underwent an emergency appendectomy. It seems to be catching for Johnny Faria of the Durham Road was also rushed in on Wednesday of the same week to have his appendix removed. Both are doing O.K.

Monday evening dinner guests at the home of Reverend Joseph of St. Joseph parish were Reverend Edwin Bourque and sister, Miss Juliette Bourque, who is visiting father Bourque from Canada, their home country. Miss Collette Oliver, also of Canada, is their house guest for awhile.

James Suddeth, accompanied by his daughter and son-in-law, Mr. and Mrs. D. McGowan and son, motored to Modesto where they visited relatives. Suddeth went on to Los Angeles to spend a time with his daughter, Jean.

The Mission Fire Department was called out at noon on Wednesday below the grammar school to extinguish a fire in a load of furniture which had tipped from a truck driven by orientals. The truck was not damaged but the household belongings were destroyed.

Mrs. Viola Blythe, sister of Mrs. McGown, has been spending several days here at the McGowan home.

Mrs. Margaret Chadbourne, wife of Ed Chadbourne, is confined at the Alameda Hospital where she underwent a major operation. She is reported as doing nicely but will not be back on her job at the Niles Bank for a month or more.

BLIND VETERAN NOW A PIANO TUNER—If all of the "sour" notes emitting from pianos is a true criterion, Francis Chambers (right), New York, should enjoy a lucrative business after completing training as a piano tuner. A Technical Sergeant with the 79th Division at the time he was wounded, Chambers—a clerk before the war—is training under Public Law 16, which provides for the vocational rehabilitation of disabled veterans.

PLANS MADE FOR SEA SCOUT TROOP

Plans are underway to organize a Sea Scout troop in Irvington. Gus Robertson stated this week that the troop would have its beginning in Irvington but would include all eligible boys in Washington Township.

In connection with the formation of this group, Troop 1 has applied to the national Scout office for equipment which is to be issued by the Navy to various troops throughout this area. Among the equipment is a boat between 50 and 100 feet long.

PEERLESS STAGES BUYS NEW BUSES

H. D. Gaeta, president of Peerless Stages, Inc., has just returned from an extended trip in the east in search of new equipment. He reports that he has signed orders for the delivery of 12 new buses from the Aerocoach Corporation of Chicago. They will be 37-passenger de luxe streamlined buses with reclining chairs and equipped with the very latest safety feature improvements. Gaeta has been promised delivery of them as follows: six in February, 1947; two in March and four in April.

Peerless Stages serves points between Oakland, San Jose, Los Gatos and Santa Cruz and between Oakland and Palo Alto via Dumgarton bridge. It is also the connecting carrier at San Jose for passengers to and from all points on the Coast Division, via Los Angeles, San Diego and intermediate points.

With these new units, Gaeta is of the opinion that his company will be able to serve these points as well as the finest in the country.

Yosemite National Park contains 1126 square miles.

FARM NEWS

AGRICULTURAL EXTENSION SERVICE

POPULAR WHEAT VARIETIES

Using the wrong variety of grain seed is like using the wrong tool to plant it, says F. G. Parsons, associate in agronomy at the University of California Experiment Station. The following summary of new and popular varieties of wheat are given here for the benefit of farmers now preparing for fall sowing.

Ramona 44: A wheat brand new to California growers. It is very similar to the old Ramona that was grown rather widely a few years ago. It matures earlier than any other variety of wheat commonly used in California and promises to occupy most of the wheat area in the Imperial Valley and much of the San Joaquin.

White Federation 38 and Baart 38: Both are resistant to stem rust and bunt. They were released several years ago and are easily the most popular and widely distributed varieties in use. Baart 38 is the better milling wheat and seems to stand adverse conditions better. Federation 28 is an excellent poultry feed wheat and produces very high yields under irrigation.

Big Club 43 is the outstanding contribution to date of the cereal plant breeders in California. It is resistant to stem rot, bunt and Hessian fly.

Other varieties are especially adapted to specific areas—Pacific Bluestem 37 for the north coastal and Sierra Nevada foothill regions. Onas 41 is resistant to brunt. It is popular in parts of Monterey and Fresno counties. On the west side of the San Joaquin, the growers like Bunyip 41. Any questions about locally adapted grains will be supplied by the Agricultural Extension Service, Basement Post office building, Hayward.

EXTENSION POULTRY PATHOLOGIST

Appointment of Dr. A. S. Rosenwald as poultry pathologist of the Agricultural Extension Service has been announced by Director B. H. Cocheron. Dr. Rosewald will be connected with the Berkeley staff, and he will work with county officers in the same manner as other state extension specialists.

Dr. Rosenwald served with the Veterinary Corps of the U. S. Army during the war. His first assignment was to watch over the health of 5,000 carrier pigeons of the signal corps. Later he was attached to the Chemical Warfare Division and was engaged in research in biological warfare.

Before the war, Dr. Rosenwald served five years in the poultry disease laboratory of the Oregon State College. He received his education in veterinary medicine at Kansas State College School of Veterinary Medicine after completing the four years in animal husbandry at the University of California.

DO WE SHIFT FROM HIGH?

American agriculture is in high gear, some problems are ahead if we are to maintain security and prosperity on our farms, but the outlook is not bad. These are impressions of Arthur Shultis, specialist in farm management of the Agricultural Extension Service, gained from the recent meeting of the Western Farm Economics Association.

If farmers face the facts and individually follow sound policies they should enjoy a good and secure living. This is the concensus of opinion Shultis heard at the gathering of agricultural economists. Everything will be clear sailing for our agriculture until famine stricken nations rebuild their agriculture. We may then have some surpluses beyond what we can use at home and sell abroad through commercial channels if we do not watch the outlook and make some readjustments.

The economists believe farmers should insist on only sound government programs. They are almost unanimous against production control. The farmers do not want it, they say, and it would not be feasible with all the products that could suffer price decline. They say it did not work in the 30's when it was tried on wheat and cotton.

"In the main, most of us favor letting farm prices find their own levels without continued price supports or production control," Shultis said. "Then farmers can shift around and grow what they want, when and where they want. With full employment outside agriculture and good nutrition there will be profitable lines to shift to. This does not mean, however, that farmers should be left without assistance. A number of measures including supplementary payments in a depression are suggested."

LOCAL MAN'S KIN IN AIR CRASH

Arthur L. Haynes, brother of Edward Haynes of Irvington, was aboard the United Airlines plane which crashed near Cheyenne, Wyo., Tuesday morning. A telegram from Mrs. Haynes stated that he was not seriously injured, despite the fact that he was confined to a hospital in Cheyenne.

Haynes was returning to Chicago from San Francisco where he had been attending the recent American Legion convention.

LADIES' NIGHT

"For Jimmie and me Vote 'YES' on 3!"

Proposition 3 will relieve the teacher famine in California by guaranteeing public school teachers a minimum salary of $2400 a year. *Local taxes will not be increased by this measure. State funds are available for this purpose.*

Two hundred California organizations, including the following, urge you to vote "YES" on 3—Republican and Democratic Parties, American Legion, Veterans of Foreign Wars, Disabled American Veterans, AFL, CIO, Native Daughters and Native Sons, and P-TA.

And remember—when you vote "Yes" on 3, be sure to vote "No" on 13, which would further reduce present inadequate school appropriations.

Vote "YES" on 3!

(General Election, Tuesday, November 5)

CALIFORNIA COUNCIL OF EDUCATION

DE YOUNG BUILDING, SAN FRANCISCO

FOR

Veterans' Welfare

Vote "YES" on Proposition 2!

The Veterans of Foreign Wars and the Disabled American Veterans urge you to vote "YES" on Proposition 2 on the November ballot.

This measure will legalize greyhound racing in California — under strict state supervision — and turn over 4 per cent of all track wagers to a Veterans' Fund administered by the State Department of Veterans Affairs.

It will perform a distinct service for California veterans. It will guarantee adequate financing of state-sponsored welfare and rehabilitation activities, including support of the Veterans' Home at Yountville. It will relieve the taxpayer of the burden of paying for these services; greyhound racing will pay the bill instead.

California veterans ask you to support them in this campaign.

Let's carry through - Vote 'YES' on 2

(General Election, Tuesday, November 5)

Report to people waiting for telephone service

. . . Pacific Coast's amazing growth makes job bigger than ever

We are adding equipment and installing telephones just as fast as conditions permit . . . at a faster pace this year, in fact, than ever before.

But continuing shortages of equipment and restrictions on building construction have so far made it impossible for us to keep pace with the Pacific Coast's spectacular growth. Though we have already added more than 253,000 new telephones during the first eight months of this year and every bit of our equipment is working to capacity, there is still a big job ahead. You can be sure we are doing everything we can to get your telephone to you as soon as possible.

Thank you for your understanding and patience.

CANYON HEIGHTS NEWS

By MARY PURDY

Mr. William White returned last Saturday to his home on Canyon Heights Drive after spending the season on the pitching staff of the New York Yankees baseball team. Mr. White went with the team for spring training in Panama, Florida, and the spring tour of the southern states. He spent the entire season traveling with the team to the various American League cities. Recently, while in New York City, the Yankees were entertained at the Club Zanzibar by Bill Robinson, who is an ardent baseball fan. The event was in honor of Mr. Robinson's fiftieth anniversary on the stage. Mr. White will remain here till spring training starts again in March. At that time the Yankees will go to Puerto Rico for training. Mr. White is at present playing Sunday baseball with a San Mateo ball team.

Mr. and Mrs. Irwin Borba had as dinner guests last Sunday evening Mrs. Lucille Baptist and daughter, Mrs. Angie, from Oakland, and Miss Mary Moniz of Tulare.

Last Friday, while Mrs. Carl Crosswhite and Mrs. Woodrow Nickel were driving in Decoto, a car, driven by Anna Marshall, of Decoto, ran into them. No one was injured but the Nickel car suffered some damage.

Mr. and Mrs. Glen Haroldsen recently entertained Mrs. Haroldsen's parents, Mr. and Mrs. A. R. Horton of Bakersfield, for a week's visit.

This Friday evening Mr. and Mrs. John Names will attend a birthday party at the International Kitchen in honor of Mr. Names' sister, Meryl, of Oakland. Other guests will be Mrs. Gertrude Names and Mr. and Mrs. Winifred Names, all of Oakland. After the dinner, the group will retire to the Names' residence at 217 Canyon Heights Drive, for an informal evening.

Residents of Canyon Heights who are attending the Folk Dancing Class held at the Niles Elementary School on Monday evenings are: Mr. and Mrs. Lee Mattox, Lt. and Mrs. J. W. Dale, Mr. and Mrs. Ira Howard, Mr. and Mrs. Edward Mara, Mr. and Mrs. Malcom Cole, and Mr. and Mrs. Clifford White.

Mr. and Mrs. Woodrow Nickel entertained at a dinner party last Saturday night in their home on Steinhammer Drive. The guest list included Mr. and Mrs. Ernest Frick of Niles, and Mr. and Mrs. J. B. Nickel, Mr. Thomas Nickel and son, Bruce, all of Berkeley.

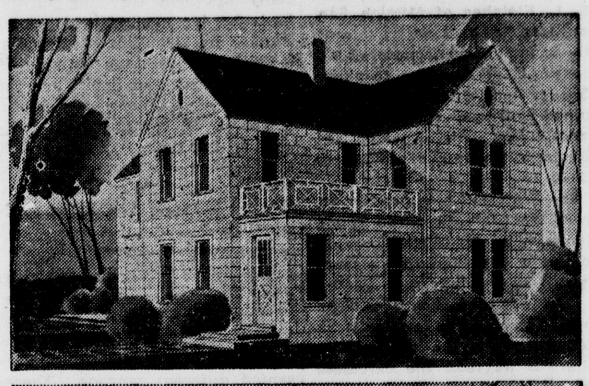
A freak accident occurred recently when Mr. Amadore Pratali's car coasted from where it was parked in the Pratali driveway. The car crossed the road, coasted down the E. A. Miller driveway, which is on a sharp decline, and crashed into the Miller's garage door. Considerable damage was sustained by the garage but only minor damage was done to the car.

Mr. and Mrs. C. R. Purdy last Sunday attended the faculty tea given by Dr. T. W. MacQuarrie, President of San Jose State College. The tea was held at Montalvo, estate of the late Senator Phelan. This Sunday afternoon the Purdys will be guests at an "At Home" given by Dr. and Mrs. Harold Bacon at their home on the Stanford Campus, Palo Alto.

FIRST FALL MEETING

The Newark Bluebird Club will hold its first post-vacation meeting at the home of Miss Lida Francis tonight (Friday). A costume Halloween party will follow the regular business meeting.

TWO FIVE-ROOM UNITS MADE FROM ONE-FAMILY HOUSE



Photos courtesy "The Business of Farming"

This sound, old ten-room house was speedily and economically transformed into two 5-room apartments with a relatively small amount of alteration. Today, with so many veterans and their families on the hunt for living quarters, such conversions are both patriotic and profitable particularly when, as in this instance, the appearance of the house was greatly improved.

Exterior attractiveness was assured economically in this remodeling operation by a pleasing contrast of color between the new green asphalt shingle roof and the white siding applied over the old wood. Money, labor and time were saved by placing the upper kitchen and utility room directly above their counterparts on the first floor, and setting the two baths one above the other.

As completed, each unit comprises a living room, a large (13' 6" x 17' 3") combined kitchen and dining room, two bedrooms, bath and utility room. One end of the latter room (a space about 5 x 9) can be closed off for cold storage of food. Separate entrances to each apartment are provided to assure privacy.

In many cases, conversion into two or more living units offers the solution to the problem of what to do with soundly-built older houses. Frequently parents, whose children have grown and moved away, no longer have need for all the space they required while raising a family. Cutting up such houses into two or more living units often turns a real estate liability into an asset producing income for years to come, and today can help in solving the housing shortage.

IRVINGTON P.T.A. ENDORSES PROP. 3

The Irvington P.T.A. voted to endorse Proposition 3 at its regular monthly meeting last Thursday. This action came after a talk by Mrs. Lois Vincent, president of the Phoebe A. Hearst Council, who spoke in favor of the measure.

Following the formal introduction of William Shuey, new instructor in the Irvington Grammar school, other teachers, P.T.A. officers, chairmen and new members were introduced.

A committee for a Halloween party to be held Thursday, Oct. 31, was appointed, consisting of Leslie Hiller, chairman, and Gus Robertson, William Shuey, W. K. Turnbow and G. Scamman.

The organization voted unanimously to sponsor the following activities for another year: the Youth Center, the Boy Scouts, the Girl Scouts and the Cub Scouts.

Electrical recordings of the radio program, "Breakfast with Jane Lee," which was broadcast from the Irvington Grammar school in June, were played. A film, "Music Festival," was also shown.

PROMENADERS MEET

The regular monthly meeting of the Irvington Promenaders was held last Saturday in Irvington. Following a period of dancing, a short business meeting was held. Refreshments were served by Mrs. Edward L. Rose and Mrs. Merrell Belding.

REBEKAH NEWS

The next regular meeting of Niles Rebekah Lodge will be held Thursday evening, Oct. 17, at Odd Fellows Hall, Niles. Mrs. Anna Bradford, noble grand, requests all members to take notice of the date. The Rebekahs are changing meeting nights with De Guadalupe Institute, Y.L.I. The members of the Y. L. I. were notified that their grand officers would visit them on Friday evening, Oct. 18, and so, as "one neighbor to another" the Rebekahs and Y.L.I. are swapping dates. Rebekahs, please remember we meet on Thursday, Oct. 17, and members of the Y.L.I. take notice that you are meeting Friday night, Oct. 18.

Something else, Rebekahs. Your drill mistress, Fern Mitte, would like to see a full attendance on Thursday, Oct. 17, as practice for initiatory ceremonies to be held Nov. 15 will have to be started.

Necona Theta Rho Girls' Club, I.O.O.F., will meet in regular session Monday evening, Oct. 14, at Odd Fellows Hall, Niles, according to Barbara Neighbors, president. Mrs. Jennie Mohn, advisor of the club, requests a full attendance that evening, as election of officers for the ensuing term will be held, and final plans will be made for visiting Richmond Club on Tuesday, Oct. 15.

Members of the Friendly Sewing Circle met at the home of Mrs. Ivy Cull, Monday afternoon, Oct. 7. Mrs. Cull was assisted in entertaining the members by Mrs. Olive Pugmire. The next meeting will be held Monday afternoon, Nov. 4, at the home of Mrs. Ellen Mohn on Second street, Niles, according to Mrs. Maggie Neill, pres- will make final plans for the anident. At that meeting the Circle nual bazaar and card party to be held Friday afternoon, Dec. 6, at Odd Fellows Hall, Niles.

FRIDAY REVIEW OF LITERATURE

Centerville Library offers these new books:

"Then and Now" by W. Somerset Maugham. Romance, political intrigue, comedy and subtle revenge in the time of the Borgias by the master story-teller.

"We Happy Few" by Helen Howe. Dorothea, charming New England prig, becomes human through the influence of a gentleman, a rake and a roughneck.

"Three Men in New Suits" by J. B. Priestley. In their new civilian suits three demobilized soldiers step into disillusion and trouble and decide what they will do about it.

"Spoonhandle" by Ruth Moore. Life in Maine. Money-grubbers and quiet, honest men in modern American life.

"Captain Grant" by Shirley Seifert. The famous soldier as a young lover in his romance with a Southern belle.

Forty-four other books of all kinds just received also.

NILES DRUGGIST BACK FROM HOSPITAL

It's good news that Lester Whitaker, Niles druggist, is home again, after suffering a collapse this week that sent him to the hospital. After a general check-up in the hospital, he was sent home "to take it easy," which means that he will probably have to stay home for a few days.

Nevada City, Nevada county seat, was incorporated March 31, 1851.

DEER GALORE—IN THE WRONG PLACE

Have you had trouble locating your two deer this season? S. L. Fletcher of Mission San San Jose has had no trouble at all—in fact, he's encountered too many. It all adds up to about 1550 ruined tomato plants, 40 ruined fruit trees and 100 ruined berry vines. All of which accounts for a loss of $1,000 to 1,200.

So—Fletcher got permission from the State Fish and Game Commission to shoot deer, in season or out, even with a spotlight if he wants to.

Last week he shot two... The meat, according to law, must be turned over to the county hospital, so he took the carcasses into Oakland.

There he ran into a rather unusual situation. At the hospital they didn't know what to do with the deer. It seems that, although quite a number of permits are given to kill deer as protection to crops, very very few carcasses indeed ever reach the hospital.

Which may or may not be strange.

Two ex-Navy men, Phillip and Ed Brazil, brothers, of Centerville, have settled down to civilian life and are now operating the service station adjoining the Black & White Cafe. The station had been closed for a long time, so the boys are starting out from scratch.

OLD MISSION DAYS

(Continued from page 1)

the fiestas to which the people assembled from great distances, many of them traveling to the fiesta in the ceremonious manner affected by Don Vincente Peralta.

California was then an appendage of the King of Spain, and the Missions were numerous, rich and powerful. Every important holiday or marriage day was made the occasion of a fiesta, with races between horses from the different ranches forming the leading attraction.

RIVALRY INTENSE

The races at these rejoicings were all what would now be regarded as match races. Only two horses started in each event, and these horses customarily represented different ranchos. Therefore the rivalry in each case was more or less feudal in its intensity, the vaqueros, mosos and other dependents, as well as the hacendados themselves, and their respective ladies, entering into the spirit of each match with tremendous fervor and enthusiasm.

Though not normally addicted to gambling, the native Californian —the rancheros and poorer classes alike—abandoned themselves to a riot of wagering over these contests.

RUN STRAIGHT—NO TURNS

None of them by any chance had any real money; but they wagered in kind: hats, hens, heifers, horses, saddles, hides and even leagues of territory would be staked on the speed of a horse over a course that rarely exceeded half a mile, and customarily was less than a quarter of a mile, and was run on the straight, with no turn, from start to finish.

Every Californian, man, woman and child, that was not physically incapable of sitting a horse, was an instinctive and trained horseman. Therefore every spectator at every race that was run during the many fiestas that enlivened the California year, was a skilled and knowledgeable critic of horse and rider.

SILVER MOUNTED EQUIPMENT

In such a community, where nine out of every ten men were qualified for the job, there could be no professional jockeys. It was a point of pride and self-respect on the part of each entrant in a race to make the most elegant display that was possible both of himself and of his horse at these important events of each fiesta. His equipment was mounted with as much silver as the rider could afford, or leather would carry. A proper sheik of the period thus arrayed and accoutered would be carrying clothes and equipment worth several thousand dollars.

That was probably one of the reasons why the Dons of the early days customarily limited their races to sprints of a furlong or thereabouts.

Traditions of races of much greater length remain, matches wherein Dons rode nine or ten miles against each other for wagers that involved leagues of territory. But these were rare and exceptional events, and did not belong to the general category of horse-racing in old California.

82,000 of our stockholders, or 61% of all our business partners, live in California. They are for the most part, men and women of average means, who have put their savings to work in this Company.

Their money helped build the dams, the powerhouses, the tower lines, the gas tanks and the gas mains that serve nearly all of northern and central California.

Their investment does more than make possible the distribution of low cost gas and electricity. It creates employment and aids the State's development.

Annually the P. G. and E. puts back many millions of dollars into the communities it serves, through payments for taxes, wages, dividends, interest and large purchases of materials in local markets.
